Specification	Details
Product Type	Moisture Resistant MDF Beaded Panel
Material	Moisture Resistant MDF
Thickness	6mm
Width	607mm
Length	1220mm
Panel Finish	Smooth unfinished MDF
Colour	Moisture Resistant Green MDF Core
Edge Profile	Square Edge
Installation	Adhesive or mechanical fixing
Application	Internal wall panelling
Paintable	Yes
Moisture Resistant	Yes

### Dimensions

**Length:** 1220mm

**Width:** 607mm

**Thickness:** 6mm

### Moisture Resistant MDF Features

- Enhanced resistance to moisture and humidity
- Reduced swelling compared to standard MDF
- Ideal for bathrooms and kitchens
- Smooth consistent surface for painting
- Easy to cut and install
- Strong and dimensionally stable

## Suitable Areas

- Bathrooms
- Kitchens
- Utility rooms
- Hallways
- Bedrooms
- Living spaces
- Commercial interiors

## Installation Guidance

1. Ensure surfaces are clean, dry, and level.
2. Allow panels to acclimatise before installation.
3. Fix using suitable grab adhesive or mechanical fixings.
4. Fill joints and prepare surfaces before painting.
5. Prime and paint using suitable MDF-compatible paint systems.

## Storage & Handling

- Store flat in a dry internal environment.
- Avoid direct contact with water.
- Handle carefully to prevent edge damage.
- Acclimatise before installation.

## Maintenance

Once painted and installed, panels can be cleaned using a soft damp cloth. Avoid abrasive cleaners or excessive moisture exposure.
